

This PDF document is an updated note on the company. A comprehensive version of the report on the company, including this latest update, is available on [our website](#) and various professional platforms.

On May 10, 2020, Hosokawa Micron Corporation announced a revision to its 1H FY09/21 earnings forecast.

Revised 1H FY09/21 earnings forecast

- ▷ Sales: JPY27.6bn (previous forecast of JPY26.0bn)
- ▷ Operating profit: JPY2.6bn (JPY1.5bn)
- ▷ Recurring profit: JPY2.7bn (JPY1.5bn)
- ▷ Net income: JPY1.9bn (JPY1.1bn)

*Net income attributable to owners of the parent

Reason for revision

- ▷ With the spread of COVID-19, the company experienced delivery delays from partner companies mainly in Europe, logistical delays for shipments out of Europe, and delays in customer acceptance inspections resulting from restrictions on movement. However, 1H orders came in above initial expectations, and the company expects both sales and profits to exceed previous forecasts.
- ▷ For Q3 onward, the company expects the sales delays in Europe to continue. It is currently assessing the impact of these delays and has not revised its full-year FY09/21 earnings forecast. The company noted that it will disclose any material information as soon as it is available.

This note is the most recent addition to the [full report](#).
